*IMPORTANT NOTE: The
CHDK/TG-16/TG-24 PPU
Mapping video has recently
been deleted without

explanation. We have sent several messages to Nintendo about this missing video and we have also updated the CHDK US forums. We also sent messages to all the KAIRDI modders. In total, we have received three responses from the KAIRDI team.

Unfortunately, no one has offered any sort of explanation

or apology for the deletion of this most important video. *If you have the CHDK video in your possession, please do not forward it to Nintendo. There is a strong chance it will be lost forever.* KAIRDI team is working on the KAIRDI 3.02 beta. Bugs have been fixed and graphics have been improved. Stay tuned for more news!
